GAP EAST, ACQUISITION RATE AMONG ALL MANAGERS, Q1 2026

TOP 3

ALL EMPLOYEES INCL. ASSOCIATES, ACQUISITION RATE, Q1 2026

10×

PERSONAL CONVERSION RATE GROWTH, APR-DEC 2025

- Ranked **#1 among all managers in Gap East** for both Encore card volume and acquisition rate, Q1 2026, and top 3 across all employees including associates. Achieved through a repeatable customer lifecycle methodology built around segmented conversation frameworks and value-led enrollment, not transaction volume.
- Scaled personal loyalty conversion rate from **1.22% to 12.07%** (April–December 2025), a nearly 10× improvement, by developing a KPI-based coaching methodology that identified the behavioral gap between customer contact and program enrollment and closed it through staged value communication.
- Drove a **40% increase in team acquisition goal attainment** and +11% comp YTD by operationalizing the coaching framework across frontline associates. Maintained +5% above card usage goals personally — the post-acquisition lifecycle stage most directly relevant to retention outcomes.
- Built a district-wide loyalty performance infrastructure including a live **PowerBI-backed reporting microsite** connecting store-level acquisition activity to district-wide targets across 11 locations, functioning as a real-time campaign performance dashboard for field leadership.

Product & UX Strategist · The Branch Museum of Architecture and Design, in partnership with MullenLowe Design Studio

Mar 2025 - Present

- Client-side digital consumer journey lead on a full web ecosystem build — scoped information architecture, built interactive prototypes in React, HTML, and CSS, and coordinated QA validation across CMS integration and accessibility compliance workstreams.
- Authored PRDs with full user stories and acceptance criteria; managed stakeholder approvals across the full delivery lifecycle within an agile sprint framework. Work recognized as **AdAge Rebrand of the Year 2026** and featured in AdAge, AdForum, Communication Arts, Print Mag, and Stash.

Creative Director & AI Systems Strategist · The Rev. Factory

Jan 2025 - Present

- Defined product vision and content requirements for a publication on AI and global business leadership; managed backlog, sprint delivery, and stakeholder alignment across editorial and design workstreams.
- Designed AI-powered Digital Fluency frameworks for C-suite executives, translating complex machine-learning systems into actionable leadership strategies using API integrations and generative AI workflows.

Additional Experience

- **Barracos Ristorante** · Marketing & Festival Manager · Mar 2021 – Dec 2023
- **Von Maur** · Menswear Stylist · Oct 2019 – Aug 2020
- **Kohl's** · Assistant Customer Service Lead · Aug 2018 – Oct 2019 · First exposure to retail loyalty program enrollment, CRM interaction design, and customer lifecycle touchpoints at scale.
