

BENN PATTARA

Rooted in brand strategy and built to execute. I design human-centered experiences and consumer touchpoints, then carry them through the room into UI, service systems, and tools people actually use.

EXPERIENCE & PRODUCT DESIGN

Jan 2023 - Present

BRANCH MUSEUM OF DESIGN

Mar 2025 - Jun 2026
Richmond, VA

UI/UX Strategist & Content Designer, w/ MullenLowe U.S.

- Developed a digital-first experience system, user journey's, content hierarchy, and interaction logic for an institutional rebrand.
- Mapped end-to-end visitor journeys across digital discovery and physical attendance; designed content touchpoints to close the gap between online engagement and in-space conversion.
- Operated as connective layer between institutional stakeholders, creative partners, and technical execution, aligning vision and brand standards.

INSTITUTE FOR CONTEMPORARY ART AT VCU

Apr 2025 - Oct 2025
Richmond, VA

Brand Strategist & Experiential Creative

- Developed strategic and experiential framework for high-profile institutional programming, defining how identity translates across physical space, digital presence, and community activation as a unified audience journey.

BRAND CLIENTS

Jan 2023 - Present
Richmond, VA & Remote

Brand & Experience Designer | Hogshead Cafe · Naturebuff Sustainable Hygiene · Buffbox · Thursdays & Co. · Pretire

- Built brand and experience systems across five independent clients spanning food service, wellness, and design: positioning strategy translated into tangible customer-facing environments, service flows, in-store identity, and digital touchpoints.

REVOLUTION FACTORY

Jan 2025 - Feb 2026
Remote

Brand Strategist & Creative Consultant

- Lead strategist for *Designing the Future*, a forthcoming publication on AI and organizational leadership: responsible for narrative architecture, information design, and translating research into an accessible reader experience.
- Designed frameworks for embedding generative AI into core business workflows, treating AI adoption as a product and capability problem requiring test-and-learn iteration.

NSAC VIA AMERICAN ADVERTISING FEDERATION

Sep 2023 - May 2024
National

Brand Strategy & Creative Intern | Indeed.com · Tide (P&G)

- Indeed.com: Led strategy and creative conceping; piloted generative AI for persona development, journey framing, and business problem definition as core design research tools. Team placed 1st nationally.
- Tide (P&G): Built integrated campaign strategy synthesizing consumer research, cultural insight, and brand positioning into a cross-channel customer narrative and experience architecture.

FIELD-BUILT PRODUCTS · GAP INC.

#1 Gap East card volume & acquisition among store leadership, Q1 and Q2 2026	300 Employee touchpoints tracking live data via Encore Madness tracker product	+87% District loyalty applications vs +58% transaction volume	10× Personal conversion growth, Apr 2025 - Aug 2026
--	--	---	---

GAP SOUTHEAST REGION (DISTRICTS: PA/DC, MID-ATLANTIC)

Apr 2025 - Present
Richmond, VA · Hybrid

Loyalty Lead & Operations Manager · Field Product Designer

ENCORE MADNESS ACTIVITY TRACKER

- Designed and built a live HTML performance product for a district test-and-learn competition across 11 Mid-Atlantic stores. Problem: associates could not see their impact, so the program stayed abstract. Solution: real-time standings, personal metrics, and team progress visible on the floor. Result: district applications +87% vs transaction volume +58%; Store #1224 +140% card usage, +56% applications.

ENCORE CUP LIVE DASHBOARD

- Built a FIFA World Cup-themed in-store experience with a live dashboard tracking participation, goal attainment, and leaderboards. Redesigned program mechanics around sustained engagement and visible progress after learning that headline metrics can mask floor-level behavior when volume surges.

LOD LEADERSHIP SYSTEM

- Designed cross-functional associate onboarding product: handbooks, leadership standards, and conversion scripting that translate HQ strategy into repeatable interactions. Deployed across loyalty and LOD leadership teams store-wide.

S.T.Y.L.E. PERSONAL STYLING FRAMEWORK

- Created a human-centered styling system for associates: guided customer interactions, local market connection, and Service with Soul behaviors packaged as a usable floor framework, not a training deck.
- Impact across products: personal conversion 1.22% to 12.07%; 40% of high-volume associates (50+ transactions) improved acquisition rates, including 3 of top 5 volume leaders at median +170% rate improvement; team acquisition goal attainment +40%; comp YTD +11% vs top volume in Mid-Atlantic.
